Message from discussion [Tenants: Together we can intimidate](#)**Dan McIntyre** [View profile](#)[More options](#) Jun 4 2003, 7:03 pm

Just to clarify for real people who can read. Yes the messages were posted and deleted.

My reference to imaginery is that neither Sam nor Fred are "real" names.

Fred only exists in some one's imagination and he does not accurately capture the terrific stuff on our site.

I agree with Bob Levitt. Read, enjoy and make your own judgments.

Today we have information on a landlord charging dog owners an extra \$250 per month of rent.

www.torontotenants.org

and yes we used the term toronto tenants first, we have never asserted a legal copy right, but we believe it to be highly questionable for another site or sites to copy our key words. What if I started to call myself Fred Gizmo?

Any way, I just broke an unofficial pledge to myself to not post any more here. But I will keep my pledge to not respond to flames or engage in any such childish behaviour.
